# Independent Auditors' Report on Review of Interim Consolidated Financial Statements

## To the Shareholders of Orascom Construction PLC

### Introduction

We have reviewed the accompanying 30 June 2025 interim consolidated financial statements of Orascom Construction PLC ("the Company") and its subsidiaries (collectively referred to as "the Group"), which comprise:

- the consolidated statement of financial position as at 30 June 2025;
- the consolidated statement of profit or loss and other comprehensive income for the three month and six month periods ended 30 June 2025;
- the consolidated statement of changes in equity for the six month period ended 30 June 2025;
- the consolidated statement of cash flows for the six month period ended 30 June 2025; and
- notes to the interim consolidated financial statements.

Management is responsible for the preparation and presentation of these interim consolidated financial statements in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on these interim consolidated financial statements based on our review.

### Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

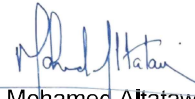

**Orascom Construction PLC**  
*Independent Auditors' Report on Review of  
Interim Consolidated Financial Statements  
30 June 2025*

**Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2025 interim consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.

# NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

## 1. General

Orascom Construction PLC ('OC PLC') is a Public Company, incorporated with registered number CL1752 in the Dubai International Financial Center (DIFC) with its head office located at Gate Village-Building 1, DIFC, Dubai, UAE. OC PLC is dual listed on the NASDAQ Dubai and the Egyptian Stock Exchange. The interim consolidated financial statements for the six month period ended 30 June 2025 comprise the financial statements of OC PLC, its subsidiaries and joint operations (together referred to as the 'Group') and the Group's interests in associates and joint ventures.

OC PLC was incorporated on 18 January 2015 as Orascom Construction Limited, a company limited by shares and converted to a Public Company under the Law, DIFC Law No. 5 of 2018.

OC PLC is primarily engaged as an international engineering and construction contractor focused on large-scale infrastructure, complex industrial and high-end commercial projects in the United States, Middle East, Africa and Central Asia for public and private clients.

## 2. Basis of preparation

### 2.1 General

The interim consolidated financial statements for the six month period ended 30 June 2025 have been prepared in accordance with IAS 34 'Interim Financial Reporting' and do not all information and disclosure required in the annual financial statements. Selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since 1 January 2025.

The interim consolidated financial statements should be read in conjunction with the consolidated financial statements for the year ended 31 December 2024. The accounting principles used are the same as those used in the consolidated financial statements for the year ended 31 December 2024.

These interim consolidated financial statements have been prepared on the historical cost basis, except when otherwise indicated.

The financial year of OC PLC commences on 1 January and ends on 31 December.

These interim consolidated financial statements are presented in US dollars ('USD'), which is OC PLC's presentation currency. All values are rounded to the nearest million (in millions of USD), except when stated otherwise.

These interim consolidated financial statements have been authorised for issue by the Company's Board of Directors on 26 August 2025.

## 3. New accounting standards and policies

The accounting policies applied in these interim consolidated financial statements are the same as those applied in the Group's consolidated financial statements as at and for the year ended 31 December 2024.

## 4. Critical accounting judgements, estimates and assumptions

There were no significant changes in critical accounting judgements, estimates and assumptions compared to the consolidated financial statements for the year ended 31 December 2024.

## 5. Financial risk and capital management

### Overview

The Group has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Market risk

These risks arise from exposures that occur in the normal course of business and are managed on a consolidated company basis. This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risk, and the Group's management of capital.

# NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

## Risk management framework

Senior management has an overall responsibility for the establishment and oversight of the Group's risk management framework. The Board is responsible for developing and monitoring the Group's risk management policies.

The Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Audit Committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The Audit Committee is assisted in its oversight role by the Internal Audit Department. The Internal Audit Department undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

### 5.1 Exposure to credit risk

The Group establishes an allowance for impairment that represents its estimate of expected losses in respect of trade and other receivables. The main components of this allowance are a specific loss component that relates to individually significant exposures. The carrying amount of financial assets represents the maximum credit exposure. With respect to transactions with financial institutions, the group sets limits to the credit worthiness rating of the counterparty. The maximum credit risk is the carrying amount of financial instruments, for an overview, reference is made to the tables of financial instruments by category.

The major exposure to credit risk at the reporting date was as follows:

\$ millions	Note	30 June 2025	31 December 2024
Trade and other receivables (excluding prepayments and supplier and subcontractor advance payments)	(8)	1,567.3	1,103.7
Contract work in progress	(12)	527.7	575.7
Cash and cash equivalents (excluding cash on hand)	(13)	1,066.5	1,039.9
<b>Total</b>		<b>3,161.5</b>	<b>2,719.3</b>

The major exposure to credit risk for trade and other receivables by geographic region was as follows:

\$ millions	30 June 2025	31 December 2024
Middle East and Africa	716.7	616.6
Asia and Oceania	294.2	53.7
Europe and United States	556.4	433.4
<b>Total</b>	<b>1,567.3</b>	<b>1,103.7</b>

## Impairment losses

The following table provides the information above the exposure to credit risk and ECLs for trade receivables as at 31 December 2024:

At 31 December 2024 \$ millions	Weighted average loss rate	Gross	Loss allowance
Not due	- %*	470.2	-
0 - 30 days	- %*	53.5	-
31 - 90 days	- %*	31.2	-
More than 90 days	9.9 %	108.7	(10.8)
<b>Total</b>		<b>663.6</b>	<b>(10.8)</b>

# NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

The following table provides the information above the exposure to credit risk and ECLs for trade receivables as at 30 June 2025:

At 30 June 2025 \$ millions	Weighted average loss rate	Gross	Loss allowance
Not due	- %*	753.0	-
0 - 30 days	- %*	62.2	-
31 - 90 days	- %*	53.4	-
More than 90 days	7.8%	112.8	(8.8)
<b>Total</b>		<b>981.4</b>	<b>(8.8)</b>

\*Based on the Group's assessment, the ECL impairment loss on trade receivables is immaterial to the interim consolidated financial statements.

## 5.2 Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation. This is also safeguarded by using multiple financial institutions in order to mitigate any concentration of liquidity risk.

The availability of cash is monitored internally at Group level, on an ongoing basis by the corporate treasury department. In addition management prepared at closing date a cash flow projection to assess the ability of the Group to meet its obligations.

The following are the contractual maturities of financial liabilities, including estimated interest payments and exclude the impact of netting arrangements.

At 31 December 2024 \$ millions	Note	Carrying amount	Contractual cash flow	6 months or less	6-12 months	1-5 years
<b>Financial liabilities</b>						
Loans and borrowings	(17)	313.2	337.5	160.8	168.7	8.0
Trade and other payables (excluding lease obligation, other tax payable and deferred revenue)	(18)	1,465.4	1,465.4	1,433.4	-	32.0
Lease obligation	(18.1)	27.4	32.5	0.2	5.6	26.7
<b>Total</b>		<b>1,806.0</b>	<b>1,835.4</b>	<b>1,594.4</b>	<b>174.3</b>	<b>66.7</b>

At 30 June 2025 \$ millions	Note	Carrying amount	Contractual cash flow	6 months or less	6-12 months	1-5 years
<b>Financial liabilities</b>						
Loans and borrowings	(17)	392.3	421.9	197.6	207.1	17.2
Trade and other payables (excluding lease obligation, other tax payable and deferred revenue)	(18)	1,846.4	1,846.4	1,811.6	-	34.8
Lease obligation	(18.1)	25.2	27.3	1.0	5.7	20.6
<b>Total</b>		<b>2,263.9</b>	<b>2,295.6</b>	<b>2,010.2</b>	<b>212.8</b>	<b>72.6</b>

The interest on floating rate loans and borrowings is based on forward interest rates at period-end. This interest rate may change as the market interest rate changes.

## 5.3 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

Management is mindful of risks and uncertainties that the Company may face. While the Company takes necessary steps to mitigate risks and capitalize on opportunities, the principal uncertainties over the next six months relate to macroeconomic and market conditions, customary project execution, and legal proceedings. The Company remains committed to proactive risk management.

# NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

The Group is exposed to foreign currency risk arising in separate ways:

## Foreign exchange translation exposure

Due to the Group's international presence, OC PLC's interim consolidated Financial Statements are exposed to foreign exchange fluctuations as these affect the translation of the subsidiaries' assets and liabilities presented in foreign currencies to the US dollar (the Group's presentation currency). The currencies concerned are mainly Egyptian Pound and Euro. Foreign exchange translation exposure is considered a part of doing business on an international level; this risk is not actively managed, nor is it hedged.

Exchange rates used by the Group in the consolidated financial statement are based on the prevailing exchange rates in the market at the time of transactions.

OC PLC is not exposed to Saudi Riyal, UAE Dirham and Qatar Riyal. These currencies are pegged to the US dollar.

The Group entities predominantly execute their activities in their respective functional currencies. Some Group subsidiaries are, however, exposed to foreign currency risks in connection with the scheduled payments in currencies that are not their functional currencies. In general this relates to foreign currency denominated supplier payables due to project procurement, capital expenditures and receivables. The Group monitors the exposure to foreign currency risk arising from operating activities.

The Group is exposed to foreign exchange transaction exposure to the extent that there is a mismatch between the currencies in which sales, purchases and borrowings are denominated and the respective functional currencies of Group companies. The functional currencies of Group companies are primarily Euro, US Dollar, Egyptian Pound, Saudi Riyal, Algerian Dinar and UAE Dirham.

The Group uses foreign exchange contracts to manage its foreign exchange transaction exposure. No hedge accounting is applied; therefore all fair value changes are recognised in profit and loss.

The summary of quantitative data about the Group's exposure to foreign exchange transaction exposure provided to management of the Group based on its risk management policy for the main currencies was as follows:

At 31 December 2024 \$ millions	EUR	EGP
Cash and cash equivalents (including loans and borrowings)	196.4	(209.3)
Trade and other receivables	2.9	628.4
Trade and other payables	(0.2)	(629.0)

At 30 June 2025 \$ millions	EUR	EGP
Cash and cash equivalents (including loans and borrowings)	226.4	(282.8)
Trade and other receivables	14.7	870.5
Trade and other payables	-	(1,012.7)
Notional value of forward contracts	(40.0)	-

## Significant rates

The following significant exchange rates were applied during the period ended 30 June 2025:

	Average 2025	Closing 30 June 2025	Opening 1 January 2025
Egyptian Pound	0.0199	0.0202	0.0197
Saudi Riyal	0.2666	0.2666	0.2662
UAE Dirham	0.2723	0.2723	0.2723
Euro	1.0914	1.1719	1.0410

The following tables demonstrate the sensitivity to a reasonably possible change in EUR and EGP exchange rates, with all other variables held constant. The impact on the Group's profit before tax is due to changes in the fair value of monetary assets and liabilities, including inter company positions. The Group's exposure to foreign currency changes for all other currencies is not material.

# NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

As of 30 June 2025, if the functional currencies had strengthened/weakened by 10 percent against the Euro and 10 percent against the Egyptian Pound with all other variables held constant, the translation of foreign currency receivables, cash and cash equivalents, payables and loans and borrowings that would have resulted in an increase/decrease of USD 21.4 million of the profit / loss of the six month period ended 30 June 2025 (31 December 2024: USD 20.0 million).

31 December 2024 \$ millions	Change in FX rate*	Effect on profit before tax	Effect on equity
EUR - USD	10%	19.9	19.9
EGP - USD	10%	0.1	(21.0)

30 June 2025 \$ millions	Change in FX rate*	Effect on profit before tax	Effect on equity
EUR - USD	10%	20.1	20.1
EGP - USD	10%	1.3	(42.5)

\* Determined based on the volatility of last year for the respective currencies.

## Interest rate risk

The Group's cash flow interest rate risks arise from the exposure to variability in future cash flows of floating rate financial instruments. The Group reviews its exposure in light of global interest rate environment after consulting with a consortium of global banks.

The Group calculates the impact on profit or loss of a defined interest rate shift. The same interest rate shift is used for all currencies. The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of borrowings affected. With all other variables held constant, the Group's profit before tax is affected through the impact on floating rate borrowings, as follows:

As of 30 June 2025, if the interest rate had strengthened/weakened by 10 percent with all other variables held constant, the interest cost that would have resulted in an increase/decrease of USD 4.7 million of the profit of the six month period ended 30 June 2025 (31 December 2024 : USD 7.6 million)

\$ millions	Change in interest rate	30 June 2025	31 December 2024
Effect on profit before tax	10% increase	(4.7)	(7.6)
	10% decrease	4.7	7.6

# NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

## 5.4 Capital Management

The Board of Director's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Capital consists of ordinary shares, share premium, reserves, retained earnings and non-controlling interest of the Group. The Board of Directors monitors the return on capital as well as the level of dividends to ordinary shareholders. The Group's net debt to equity ratio at the reporting date was as follows:

\$ millions	Note	30 June 2025	31 December 2024
Loans and borrowings	(17)	392.3	313.2
Less: cash and cash equivalents	(13)	(1,068.2)	(1,041.3)
<b>Net debt / (cash)</b>		<b>(675.9)</b>	<b>(728.1)</b>

## 7. Goodwill

\$ millions	Goodwill
Cost	27.7
<b>At 1 January 2025</b>	<b>27.7</b>
Movements in the carrying amount:	-
<b>At 30 June 2025</b>	<b>27.7</b>

On 31 July 2012, the Group acquired the Weitz Company LLC, a United States general contractor based in Des Moines, Iowa, resulting in USD 12.4 million of goodwill. The transaction was completed on 12 December 2012.

On 2 April 2015, the Group acquired Integrated Facade Solutions (previously known as "Alico") resulting in USD 1.4 million of goodwill.

## NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

On 2 January 2022, the Group acquired 100% of the total shares “Orascom Trading Company, Orascom Free Zone, National Equipment Company”, resulting in USD 13.9 million of goodwill.

Goodwill is tested for impairment in the fourth quarter of the year or earlier if there are significant changes in the indicators of impairment.

### 8. Trade and other receivables

\$ millions	30 June 2025	31 December 2024
Trade receivables (gross)	981.4	663.6
Less: Allowance for trade receivables	(8.8)	(10.8)
<b>Trade receivables (net)</b>	<b>972.6</b>	<b>652.8</b>
Trade receivables due from related parties (Note 27)	18.9	4.6
Prepayments	23.1	19.8
Other tax receivable	39.9	37.3
Supplier and subcontractor advance payments	543.2	315.3
Retentions	284.2	249.8
Other receivables	251.7	159.2
<b>Total</b>	<b>2,133.6</b>	<b>1,438.8</b>
Non-current	16.7	16.0
Current	2,116.9	1,422.8
<b>Total</b>	<b>2,133.6</b>	<b>1,438.8</b>

The carrying amount of ‘Trade and other receivables’ as at 30 June 2025 approximates its fair value.

Prepayments relate for the largest part to the amounts prepaid to sub-contractors, retentions related for the largest part to the amounts withheld by customers resulting from contractual clauses.

The aging of gross trade receivables at the reporting date is as follows:

\$ millions	30 June 2025	31 December 2024
Neither past due nor impaired	753.0	470.2
Past due 1 - 30 days	62.2	53.5
Past due 31 - 90 days	53.4	31.2
Past due 91 - 360 days	41.0	44.8
More than 360 days	71.8	63.9
<b>Total</b>	<b>981.4</b>	<b>663.6</b>

Management believes that the unimpaired amounts that are past due by more than 30 days are collectible in full, based on historic payment behavior and extensive analysis of customer credit risk, including underlying customers’ credit ratings if they are available.

The movement in the allowance for impairment in respect of trade receivables during the six month period ended 30 June 2025 was as follows:

\$ millions	30 June 2025	31 December 2024
At 1 January	(10.8)	(11.6)
Provision formed	(0.5)	(3.5)
Provision no longer required	2.7	-
Disposal of subsidiary	-	0.9
Exchange rate differences and other	(0.2)	3.4
At 30 June / 31 December	<b>(8.8)</b>	<b>(10.8)</b>

# NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

## 9. Equity accounted investees

The following table shows the movement in the carrying amount of the Group's associates and joint ventures:

\$ millions	30 June 2025	31 December 2024
At 1 January	450.0	464.7
Additions (refer to (i) below)	35.1	-
Share in results	22.6	30.0
Dividends	(13.6)	(14.2)

Effect of movement in exchange rates	27.3	(28.7)
<b>At 30 June / 31 December</b>	<b>521.4</b>	<b>450.0</b>

The entity disclosed under 'Equity accounted investees' that is significant to the Group is BESIX.

### BESIX Group (BESIX)

Established in 1909 in Belgium, BESIX is a global multi-service group offering engineering, procurement and construction (EPC) services. BESIX operates in the construction, real estate and concession sectors in 15 countries focusing on Europe, Africa, the Middle East and Australia. Their core construction competencies include buildings, infrastructure and environmental projects, industrial civil engineering, maritime and port works and real estate development. In addition to EPC services, BESIX is active in real estate development and holds concessions in several Public Private Partnerships (PPP) and design, build, finance, and maintain/operate (DBFM) contracts, through which it develops, operates and maintains projects.

The below table summarizes the financial information of BESIX:

\$ millions	2025 100%	2025 Group Share 50%	2024 100%	2024 Group Share 50%
Non-current asset	948.8	474.4	877.2	438.6
Current asset	3,261.4	1,630.7	2,794.0	1,397.0
Non-current liabilities	(748.2)	(374.1)	(646.8)	(323.4)
Current liabilities	(2,570.0)	(1,285.0)	(2,189.8)	(1,094.9)
<b>Net assets at 30 June / 31 December</b>	<b>892.0</b>	<b>446.0</b>	<b>834.6</b>	<b>417.3</b>
Construction revenue	2,154.2	1,077.1	1,714.2	857.1
Construction cost	(2,127.8)	(1,063.9)	(1,697.6)	(848.8)
<b>Net profit for the six month period ended 30 June</b>	<b>26.4</b>	<b>13.2</b>	<b>16.6</b>	<b>8.3</b>

The Group has interests in a number of equity accounted investees. The following are the significant interest as of 30 June 2025 :

Name	Parent	Country	Participation %	Net Assets at Group Share \$ millions

<b>Net profit for the six month period ended 30 June</b>	<b>59.4</b>	<b>22.6</b>	<b>24.1</b>	<b>11.8</b>

### Transaction between Group entities and associates / joint ventures

(i) During the period, the Group made an additional capital contribution to Red Sea Wind Energy SAE amounting to USD 35.1 million.

There are no other significant transactions between entities of the group and the associates / joint ventures, except for the investments in and the dividends received from these associates and joint ventures.

### 10. Income taxes

#### 10.1 Income tax in the statement of profit or loss

The income tax on profit before income tax amounts to USD 18.8 million (30 June 2024 : USD 29.6 million) and can be summarized as follows:

\$ millions	the six months ended 30 June 2025	the three months ended 30 June 2025	the six months ended 30 June 2024	the three months ended 30 June 2024
Current tax	16.6	9.6	12.4	5.1
Deferred tax	2.2	2.1	17.2	2.9
<b>Total income tax in profit or loss</b>	<b>18.8</b>	<b>11.7</b>	<b>29.6</b>	<b>8.0</b>

#### 10.2 Reconciliation of effective tax rate

OC PLC's operations are subject to income taxes in various foreign jurisdictions, the statutory income tax rates vary from 0.0% to 32.0%.

Reconciliation of the effective tax rate can be summarized as follows:

\$ millions	30 June 2025	%	30 June 2024	%
Profit before income tax	108.1		100.3	
Tax calculated at weighted average group tax rate	(22.1)	20.4	(26.7)	26.6
Recognition of deferred tax asset	(2.2)	2.0	(17.2)	17.1
Other	5.5	(5.1)	14.3	(14.3)
<b>Total income tax in profit or loss</b>	<b>(18.8)</b>	<b>17.4</b>	<b>(29.6)</b>	<b>29.5</b>

### UAE Corporate Tax and Minimum Top-up Tax

The UAE has enacted the Pillar Two legislation by way of a Domestic Minimum Top-up Tax ("DMTT") that became effective from 1 January 2025. OC PLC is considered to be in scope of the Pillar Two rules.

OC PLC has assessed the impact of the UAE DMTT for interim reporting for the constituent entities. Based on the assessment, the Group is not liable for any DMTT as the UAE Group meets the transitional safe harbours (effective tax rate above 16%) at interim reporting date.

Management is closely monitoring further developments that could impact its overall Pillar Two tax position on a going-forward basis. OC PLC applies the IAS 12 exception to recognising and disclosing information about deferred tax assets and liabilities related to Pillar Two income taxes.

# NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

## 10.3 Deferred income tax assets and liabilities

The majority of the deferred tax assets of USD 61.4 million (31 December 2024: USD 63.2 million) relates to carried forward tax losses. The deferred tax assets recognized in the statement of financial position is expected to be realized in the period 2025 - 2030.

Deferred tax assets have not been recognized in respect to the carried forward tax losses amounting to USD 702.9 million with a tax effect of USD 182.8 million. The deferred tax was not recognized since the Group assessed that it is not probable that future taxable profit will be available against which the Group can use the benefits therefrom. These tax losses will expire as follows:

\$ millions	30 June 2025	Expiry date	31 December 2024	Expiry date
Expire	627.6	2034-2038	627.6	2034 - 2038
Never Expire	75.3	-	75.3	-

## 11. Inventories

\$ millions	30 June 2025	31 December 2024
Finished goods	21.5	17.5
Raw materials and consumables	220.3	204.6
Fuels and others	5.6	5.2
Others	12.2	5.1
<b>Total</b>	<b>259.6</b>	<b>232.4</b>

As at 30 June 2025, the total write-downs amount to USD 2.6 million (31 December 2024: USD 2.1 million), of which USD 1.8 million related to raw materials and USD 0.8 million related to finished goods.

## 12. Contracts work in progress / billing in excess of construction contracts

\$ millions	30 June 2025	31 December 2024
Costs incurred on contracts (including estimated earnings)	21,241.9	21,439.3
Less: billings to date (net)	(21,435.5)	(21,419.2)
<b>Total</b>	<b>(193.6)</b>	<b>20.1</b>

Presented in the consolidated statement of financial position as follows:

Construction contracts in progress - current assets	527.7	575.7
Less: Billing in excess on construction contracts - current liabilities	(721.3)	(555.6)
<b>Total</b>	<b>(193.6)</b>	<b>20.1</b>

### Contract balances

Contract assets primarily relate to the Group's right to consideration for work completed but not yet billed at the reporting date. Contract liabilities relate to the billings in excess of revenue and the advances from customers. Advances from customers pertain to the advance consideration received from customers for the services for which revenue is recognised on performance obligation. The contract assets becomes trade receivables when the rights become unconditional.

The following table provides information about contract assets and contract liabilities from contracts with customers:

\$ millions	30 June 2025	31 December 2024
Contract assets (contract work-in-progress)	527.7	575.7
Contract liabilities (billings in excess of revenue)	(721.3)	(555.6)
Contract liabilities (advances from customers)	(894.6)	(873.2)

# NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

## 13. Cash and cash equivalents

\$ millions	30 June 2025	31 December 2024
Cash on hand	1.7	1.4

### Warranties

The warranties are based on historical warranty data and a weighting of possible outcomes against their associated probabilities.

### Other (including claims)

The Group is involved in various litigations and project related disputes. In cases where it is probable that the outcome of the proceedings will be unfavorable, and the financial outcome can be measured reliably, a provision has been recognized. This provision includes USD 7.2 million related to a litigation in the US. Reference is made to Note 26 for detailed information with respect to major ongoing litigations and claims.

## 20. Cost of sales and selling, general and administrative expenses

### i. Expenses by nature

\$ millions	the six months ended 30 June 2025	the three months ended 30 June 2025	the six months ended 30 June 2024	the three months ended 30 June 2024
Changes in raw materials and consumables, finished goods and work in progress	1,452.9	821.3	1,084.1	517.4

<b>Total</b>	<b>310.3</b>	<b>168.3</b>	<b>302.3</b>	<b>147.5</b>

As of 30 June 2025, the number of permanent and temporary staff employed by the Group is 22,992 (31 December 2024: 21,198) and 37,470 (31 December 2024: 34,921), respectively.

A Long-Term Incentive Plan ("LTIP") to attract, motivate and retain key employees in the organization by providing market competitive compensation packages has been put in place in June 2016. Under the plan target awards will be granted annually to executives and senior management and employees in critical positions or high performers. These awards will carry a 3-year vesting period. They will be focused on EBITDA, cash flow from operations and share performance. The plan is cash-settled; no transfer of equity instruments will take place under this plan.

## NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

Some of the Group's subsidiaries in the United States of America contribute to multi-employer defined benefit plans administered by unions that provide pension and post-retirement health and welfare benefits to employees, based on a defined dollar amount per hour. The Group has availed the exemption of IAS 19, para 34, to account for the contributions to these multiemployer defined benefit plans as defined contribution plans, as sufficient financial information is not publicly available with regards to these plans. The contribution to these plans for the six month period ended 30 June 2025 is USD 3.9 million and the expected contribution to these plans for the financial year 2025 is USD 8.7 million. The average contribution by Group's subsidiaries to multiemployer benefit plans is assessed to be less than 5% of the total contributions of the respective plans.

### 21. Other income

\$ millions	the six months ended 30 June 2025	the three months ended 30 June 2025	the six months ended 30 June 2024	the three months ended 30 June 2024

### 25. Segment reporting

The Group determines and presents operating segments on the information that internally is provided to the Chief Executive Officer during the period. The Group has three reportable segments, as described below. Each of the segments is managed separately because they require different operating strategies and use their own assets and employees. Factors used to identify The Group's reportable segments, are a combination of factors and whether operating segments have been aggregated and types of products and services from which each reportable segment derives its revenues.

BESIX is presented as part of 'equity accounted investees', therefore in the above schedule only the income from equity accounted investees and the asset value are reflected. For further information with respect to liabilities, revenues and cost, reference is made to note 9.

# NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

The geographic information above analyses the Group's revenue and non-current assets by the Company where the activities are being operated. The Orascom Construction Group has the following customers that represent 10 percent or more of revenues:

Percentage	30 June 2025	30 June 2024
Egyptian Government	28.7%	28.7%

## 26. Contingencies

### 26.1 Contingent liabilities

#### 26.1.1 Letters of guarantee / letters of credit

Letters of guarantee issued by the banks for the Group as at 30 June 2025 amount to USD 1,840.7 million (31 December 2024: USD 1,744.4 million). Outstanding letters of credit as at 30 June 2025 (uncovered portion) amount to USD 49.9 million (31 December 2024: USD 84.2 million).

Some of our sub-holdings have provided general performance guarantees for the execution of major projects by our subsidiaries.

As of 30 June 2025, mechanic liens have been received in respect of one of our US project for a total of USD 19.9 million (31 December 2024: USD 1.9 million).

#### 26.1.2 Litigations and claims

The Group entities and joint ventures, are engaged in various legal disputes, acting either as defendants or claimants. These cases are closely monitored by management and legal counsel, who evaluate them for potential impacts, taking into account possible insurance recoveries and third-party claims. Provisions for potential financial impacts from unfavorable outcomes are recognized in the interim consolidated financial statements in accordance with the requirements of IAS 37 "Provisions, Contingent Liabilities, and Contingent Assets", specifically under note 19 'Provisions'. However, due to uncertainties such as potential new lawsuits, settlements, or court decisions, the Group cannot determine any additional financial loss with certainty. Despite this, based on legal consultations, the management believes these legal matters will not substantially affect the Group's financial position as of 30 June 2025, though they may significantly impact operational results or cash flows in specific periods.

Furthermore, the Group faces potential claims from customers and claims from subcontractors and accordingly sets aside adequate provisions, with these reserves being periodically reviewed to account for any significant claims or litigation risks. Legal assessments suggest that these provisions are sufficient, and no significant additional cash outflows are anticipated beyond what has already been accounted for. In adherence to IAS 37 guidelines on "Provisions, Contingent Liabilities, and Contingent Assets," the Group has chosen not to disclose full details of these legal disputes. This decision is driven by the belief that such disclosures could compromise the Group's position in ongoing and contested legal matters, prioritizing the protection of their legal strategy while managing litigation risks within the framework of IAS 37.

#### 26.1.3 Sidra Medical Center

The contract for the design and build of the Sidra Medical and Research Centre in Doha, Qatar, was awarded by Qatar Foundation for Education, Science & Community Development (the "Foundation") in February 2008 to Obrascón Huarte Lain (55%) and Contrack Cyprus Limited (45%), hereinafter referred to as the "JV", for a total contract value of approximately USD 2.4 billion. Contrack Cyprus Limited is ultimately wholly owned by OC PLC.

In July 2014, when the project was approx. 95% complete, the JV received a Notice of Termination from the Foundation. The Foundation also commenced arbitration proceedings against the JV by serving a Request for Arbitration with the ICC (seat in London).

On 1 July 2025, the ICC issued an award in the case which, in addition to confirming the Foundation's entitlement to keep the amounts received in 2014 with the encashment of the JV's guarantees, finds the JV liable to pay the Foundation the net sum of QAR 104,622,023 (equivalent to US\$ 28.7 million). Contrack Cyprus is liable to pay 45% of that sum and has sufficient cash to meet this obligation. This award may still be subject to corrections under section 35 of the ICC Arbitration rules. The necessary provisions were created in relation to the award issued.

The arbitral tribunal has now ruled on all claims submitted by the parties except for interest and legal costs. An award for interest and legal costs is expected in the fourth quarter of 2025.

In August 2017, the Foundation again served a Request for Arbitration, this time in parallel proceedings against OCI SAE with the ICC (seat in London). The claims made by the Foundation in this new arbitration arise in connection with a Parent Company Guarantee (the "PCG") issued by OCI SAE on 7 February 2008. The Foundation alleged that the terms of the PCG protect it in respect of liabilities and obligations of Contrack (Cyprus) Limited on the Project. This arbitration is on hold since March 2020 pending decision in the main arbitration in the paragraph above.

# NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

## 26.1.4 King Abdul-Aziz Airport Development project

Saudi Binladin Group ("SBG") entered into an EPC contract with the General Authority of Civil Aviation of the Kingdom of Saudi Arabia, for the King Abdul-Aziz Airport Development Project - Phase 1 (the "Project"). Orascom Saudi Limited ("OS"), a company which OCI Construction Limited (Cyprus) has a participation of 60%, entered into a series of five subcontracts (the "Subcontracts") with SBG to carry out works related to the project throughout 2011 to 2015. Under the Subcontractors, OS encountered several delays in the commencement, performance and completion of the works against the originally contemplated time schedule resulting in time and cost damages to OS.

On 25 June 2019, OS commenced arbitration proceedings claiming its entitlement to extensions of time and additional costs. In March 2025, the Parties signed a settlement agreement for the full and final settlement of all claims concerning the Project. In July 2025, a consent award was issued by the arbitral tribunal reflecting the terms of the agreement signed between OS and SBG. The arbitration has been declared closed by the Tribunal.

## 26.1.5 USA Claims

In addition to the cases identified above, the Group is involved in other disputes of a lower value, namely in the United States, either as defendants or claimants. Provisions are considered in the Group's accounts when deemed appropriate.

## 27. Related party transactions and balances

The following is a list of significant related party transactions and outstanding amounts:

Related party		Revenue transactions during the six month period ended 30 June 2024	AR and loan outstanding at year ended 31 December 2024	Purchases transactions during the six month period ended 30 June 2024	AP and advances outstanding at year ended 31 December 2024
\$ millions	Relation				
Besix Group SA	Equity accounted Investee	5.4	-	-	-
Egypt Green Hydrogen 1 BV	Equity Accounted Investee	0.6	-	-	-
Ras Ghareb Wind Energy	Equity accounted investee	0.2	-	-	-
Red Sea Wind Energy	Equity accounted investee	-	1.6	-	-
National Pipe Company	Equity accounted investee	-	-	-	4.3
Nile City Investment	Related via Key Management personnel	-	-	0.7	2.5
Other		-	3.0	-	0.1
<b>Total</b>		<b>6.2</b>	<b>4.6</b>	<b>0.7</b>	<b>6.9</b>

Related party		Revenue transactions during the six month period ended 30 June 2025	AR and loan outstanding at period ended 30 June 2025	Purchases transactions during the six month period ended 30 June 2025	AP and advances outstanding at period ended 30 June 2025
\$ millions	Relation				
Besix Group SA	Equity accounted Investee	11.7	11.7	-	-

In addition to the related party transactions in the table above, the company incurs certain operating expenses for immaterial amounts in relation to services provided by related parties.

# NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

## 27.1 OCI Foundation and Sawiris Foundation

The OCI Foundation invests company resources in educational programs that improve the communities in which the company operates. OCI has cultivated strong ties with several leading universities, including the University of Chicago (Onsi Sawiris Scholars Exchange Program), Stanford (The American Middle Eastern Network Dialogue) and Yale (Master of Advanced Management program and Global Network for Advanced Management program).

Furthermore, the Sawiris Foundation for Social Development also provides grants to fund projects implemented by charitable organizations, educational institutions, local government and private business.

## 28. Remuneration of the Board of Directors (Key management personnel)

During the period ended 30 June 2025, we considered the members of the Board of Directors (Executive and Non-executive) and the senior management to be the key management personnel as defined in IAS 24 'Related parties'. The total remuneration of the key-management personnel amounts for the six month period ended 30 June 2025 to an amount of around USD 25.5 million (30 June 2024: USD 15.2 million).

Key management personnel compensation comprise of the following:

\$ millions	30 June 2025	30 June 2024
Short-term employee benefits	7.6	2.7
Other long-term benefits	17.9	12.5
Total	25.5	15.2

## 29. List of principal subsidiaries, associates and joint ventures

## 30. Dividends

On 6 February 2024, the board of directors approved an interim dividend of USD 0.19 per share amounting to USD 20.9 million which had been paid on 22 February 2024.

On 20 May 2024, at the Annual General Meeting, the shareholders approved a dividend of USD 0.20 per share amounting to USD 22.0 million which had been paid on 21 August 2024.

On 31 December 2024, the board of directors approved an interim dividend of USD 0.22 per share amounting to USD 24.2 million which had been paid on 15 January 2025.

## 31. Subsequent events

On 27 July 2025, the board of directors approved an interim dividend of USD 0.25 per share amounting to USD 27.6 million which had been paid on 13 August 2025.

On 12 August 2025, at the Extraordinary General Meeting, the shareholders approved the migration of the primary listing venue for OC PLC's shares to the Abu Dhabi Securities Exchange (ADX) while maintaining the Egyptian Exchange (EGX) as OC PLC's secondary listing venue, through a listing of OC PLC's shares on the ADX and the delisting of OC PLC's shares from Nasdaq Dubai, subject to obtaining the necessary regulatory approvals. The listing of OC PLC's shares on the EGX shall remain unchanged.

The shareholders also approved the transfer of OC PLC's incorporation from the Dubai International Financial Centre (DIFC) to the Abu Dhabi Global Market (ADGM), for continuance as a company registered under the ADGM Companies Regulations, subject to obtaining the required regulatory approvals.

# Independent Auditors' Report on Review of Separate Interim Financial Statements

## To the Shareholders of Orascom Construction PLC

### Introduction

We have reviewed the accompanying 30 June 2025 separate interim financial statements of Orascom Construction PLC ("the Company"), which comprise:

- the separate statement of profit or loss and other comprehensive income for the three month and six month periods ended 30 June 2025;
- the separate statement of financial position as at 30 June 2025;
- the separate statement of cash flows for the six month period ended 30 June 2025;
- the separate statement of changes in equity for the six month period ended 30 June 2025; and
- notes to the separate interim financial statements.

Management is responsible for the preparation and presentation of these separate interim financial statements in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on these separate interim financial statements based on our review.

### Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Orascom Construction PLC**  
*Independent Auditors' Report on Review of  
Separate Interim Financial Statements  
30 June 2025*

**Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2025 separate interim financial statements are not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.

# Orascom Construction PLC

## Notes to the separate interim financial statements (forming part of the separate interim financial statements)

### **1 Legal status and principal activities**

Orascom Construction PLC (“the Company”) is a Public Company, incorporated and registered in the Dubai International Financial Centre. The Company is dual listed on NASDAQ Dubai and the Egyptian Exchange. The registered address of the Company is P.O. Box 507031, Dubai International Financial Centre, Dubai, United Arab Emirates.

The Company was incorporated on 18 January 2015 as Orascom Construction Limited, a Company limited by shares and subsequently converted to a Public Company under the DIFC Law No. 5 of 2018.

The principal activity of the Company is holding investments.

The Company has 100 percent interest in Orascom Holding Cooperatief U.A. which is the parent company of other subsidiaries operating in the construction sector. The Company also owns 100 percent investment in OC Investments Holding Limited, OC International Holding Limited and Orascom Building Material Holding Limited.

### **2 Basis of preparation**

#### ***Going concern***

The separate interim financial statements have been prepared on a going concern basis notwithstanding the fact that the Company has incurred loss for the period of USD 29,181,626 (2024: loss for the period of USD 14,134,234), the Company’s current liabilities exceeded its current assets by USD 11,831,489 (2024: USD 27,233,313). Although the Company is incurring losses, its subsidiaries generate enough profit for this Company to continue as going concern. The continuation of the Company's operation is dependent upon future profitable operations of its subsidiaries, and the ability of the Company to generate sufficient level of positive cash flows to meet its obligation as they fall due.

#### ***Statement of compliance***

These separate interim financial statements have been prepared in accordance with the International Accounting Standard (“IAS”) 34, Interim Financial Reporting, and should be read in conjunction with the Company’s last annual separate financial statements as at and for the year ended 31 December 2024. They do not include all of the information required for a complete set of financial statements prepared in accordance with IFRS Standards. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company’s financial position and performance since the last annual financial statements.

#### ***Separate financial statements of the Company***

The Company acts as a holding company for its subsidiaries. The Company and its subsidiaries are collectively referred to as “the Group”. These separate interim financial statements present the financial performance and position of the Company only and do not include the operating results and financial position of its subsidiaries. In these separate financial statements, the investments in subsidiaries are stated at cost less provision for impairment losses (refer accounting policy on impairment) in accordance with International Accounting Standard 27 Separate Financial Statements. In order to have a more comprehensive understanding of the results of operations, financial position, changes in equity and cash flows as well as contingencies and commitments the consolidated interim financial statements of the Group for the six-month period ended 30 June 2025 issued separately on 26 August 2025 should be referred to.

# Orascom Construction PLC

Notes *(continued)*

## **2 Basis of preparation *(continued)***

### ***Basis of measurement***

These separate interim financial statements have been prepared under the historical cost basis.

### ***Functional and presentation currency***

These separate interim financial statements are presented in US Dollars (“USD”), which is the Company’s functional currency.

### ***Use of estimates and judgments***

The preparation of these separate interim financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses.

These estimates and associated assumptions are based on historic experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgement about the carrying value of assets and liabilities that are not readily apparent from the other sources. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In particular, information about significant areas of assumptions, estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amount recognised in the separate interim financial statements are discussed in note 20.

## **3 Material accounting policies**

The accounting policies set out below, which comply with IFRS standards, have been applied consistently to all periods presented in these separate financial statements in dealing with items which are considered material in relation to these separate interim financial statements.

### **Financial instruments**

#### ***i. Recognition and initial measurement***

Financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

A trade receivable without a significant financing component is initially measured at the transaction price.

# Orascom Construction PLC

Notes *(continued)*

## 3 Material accounting policies *(continued)*

### Financial instruments *(continued)*

#### ii. *Classification and subsequent measurement*

##### *Financial assets*

On initial recognition, a financial asset is classified as measured at: amortised cost; fair value through other comprehensive income (“FVOCI”) – debt investment; FVOCI – equity investment; or fair value through profit or loss (“FVTPL”).

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment’s fair value in OCI. This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

##### ***Financial assets – Assessment whether contractual cash flows are solely payments of principal and interest***

For the purposes of this assessment, ‘principal’ is defined as the fair value of the financial asset on initial recognition. ‘Interest’ is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

# Orascom Construction PLC

Notes *(continued)*

## 3 Material accounting policies *(continued)*

### Financial instruments *(continued)*

#### ii. Classification and subsequent measurement *(continued)*

##### *Financial assets (continued)*

##### ***Financial assets – Assessment whether contractual cash flows are solely payments of principal and interest (continued)***

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable-rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable compensation for early termination of the contract. Additionally, for a financial asset acquired at a discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

##### ***Financial assets – Subsequent measurement and gains and losses***

##### *Financial assets at FVTPL*

These assets are subsequently measured at fair value. Net gains or losses, including any interest or dividend income, are recognised in profit or loss.

##### *Financial assets at amortized cost*

These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment losses are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

##### ***Financial liabilities – Classification, subsequent measurement and gains and losses***

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

# Orascom Construction PLC

## Notes *(continued)*

### **3**      **Material accounting policies** *(continued)*

#### **Financial instruments** *(continued)*

#### **iii.      Derecognition**

##### *Financial assets*

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Company enters into transactions whereby it transfers assets recognised in its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

##### *Financial liabilities*

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

#### **iv.      Offsetting**

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

#### **Impairment**

#### **i.      Non-derivative financial assets**

##### *Financial instruments*

The Company recognises loss allowances for ECLs on loans due from related parties, amounts due from related parties, other receivables and cash at banks.

The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

# Orascom Construction PLC

## Notes *(continued)*

### 3 **Material accounting policies** *(continued)*

#### **Impairment** *(continued)*

#### *i. Non-derivative financial assets (continued)*

Loss allowances for loans and amounts due from related parties and are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment that includes forward-looking information.

The Company considers a financial asset to be in default when:

- the debtor is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held); or
- the financial asset is more than 90 days past due.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

#### *Measurement of ECLs*

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

#### *Credit-impaired financial assets*

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the debtor;
- a breach of contract such as a default;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise; or
- it is probable that the debtor will enter bankruptcy or other financial reorganisation

# Orascom Construction PLC

## Notes *(continued)*

### **3 Material accounting policies *(continued)***

#### **Impairment *(continued)***

#### **i. Non-derivative financial assets *(continued)***

##### *Presentation of allowance for ECL in the statement of financial position*

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

##### *Write-off*

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

#### **ii. Non-financial assets**

At each reporting date, the Company reviews the carrying amounts of its non-financial assets to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognised in profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

# Orascom Construction PLC

## Notes *(continued)*

### **3 Material accounting policies *(continued)***

#### **Investment in subsidiaries**

Subsidiaries are entities controlled by the Company. The Company controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Investment in subsidiaries is stated at cost less any provision for impairment, if any.

#### **Share premium**

Share premium is the excess amount received over the par value of the shares. Incremental costs directly attributable to the issue of new shares are recognised in equity as a deduction, net of tax, from the proceeds.

#### **Retained earnings**

The amount included in retained earnings includes accumulated profits and reduced by dividends, and also include transfers of share premium. Dividends are recognised as a liability and deducted from equity when they are approved by the Company's shareholders. Dividends for the year that are approved after the reporting date are dealt with as an event after the reporting date. Retained earnings may also include effect of changes in accounting policy as may be required by the standard's transitional provisions.

#### **Finance income**

Finance income include interest income on loans due from related parties, net foreign exchange gain and interest income on bank deposits. Interest income is recognised as it accrues, using the effective interest rate method.

#### **Finance expense**

Finance expense include interest incurred on loans due to related parties, bank charges, net foreign exchange loss, unrealized loss on foreign currency exchange forward contracts and interest expense on finance lease. Interest expense is recognised as it accrues, using the effective interest rate method.

#### **Cash on hand and at banks**

Cash comprises bank balances and deposits with maturities of six months or less from the acquisition date (original maturity) that are subject to an insignificant risk of changes in their fair value and are used by the Company in the management of its short-term commitments.

#### **Provisions**

A provision is recognised in the separate statement of financial position when the Company has a present legal or constructive obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

# Orascom Construction PLC

## Notes *(continued)*

### **3 Material accounting policies *(continued)***

#### **Foreign currencies**

Transactions in foreign currencies are translated into functional currency of the Company at the exchange rates at the dates of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Foreign currency differences are generally recognised in profit or loss.

#### **Short term leases and leases of low-value assets**

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

#### **Leases**

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset - this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Company has the right to direct the use of the asset.

The Company has this right when it has the decision- making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:

- the Company has the right to operate the asset; or
- the Company designed the asset in a way that predetermines how and for what purpose it will be used.

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

# Orascom Construction PLC

## Notes *(continued)*

### 3 **Material accounting policies** *(continued)*

#### **Leases** *(continued)*

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is subsequently increased by the interest cost on the lease liability and decreased by lease payments made. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

#### **Income tax**

Income taxes have been provided for in the financial statements in accordance with legislation enacted at the reporting date in the United Arab Emirates, where the Company operates and generates taxable income. The income tax charge comprises current tax and deferred tax, recognised in statement of profit or loss and comprehensive income for the year.

#### **Current tax**

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustments to the tax payable or receivable in respect to other years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received, reflecting the uncertainty related to income taxes, if any. It is measured using tax rates enacted at the reporting date in the United Arab Emirates.

# Orascom Construction PLC

## Notes *(continued)*

### 3 **Material accounting policies** *(continued)*

#### **Deferred tax**

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets arising from deductible temporary differences, unused tax losses, or unused tax credits are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised.

Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled, or the asset is realised based on tax laws and rates that have been enacted or substantively enacted at the reporting date.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

#### **Global Minimum Top-up Tax**

The UAE has enacted the Pillar Two legislation by way of a Domestic Minimum Top-up Tax (“DMTT”) that became effective from 1 January 2025. The Company is considered to be in scope of the Pillar Two rules.

The Company has assessed the impact of the UAE DMTT for interim reporting for the Constituent Entities. Based on the assessment, the Group is not liable for any DMTT as the UAE Group meets the transitional safe harbours (effective tax rate above 16%) at interim reporting date.

Management is closely monitoring further developments that could impact its overall Pillar Two tax position on a going-forward basis. Orascom applies the IAS 12 exception to recognising and disclosing information about deferred tax assets and liabilities related to Pillar Two income taxes.

# Orascom Construction PLC

## Notes *(continued)*

### **3 Material accounting policies *(continued)***

#### **New and amended standards issued and effective**

The following revised new and amended standards have been adopted in the separate interim financial statements.

- Lack of Exchangeability - Amendments to IAS 21

#### **Accounting Standards issued but not yet effective**

A number of new accounting standards are effective for annual periods beginning after 1 January 2025 and earlier application is permitted. However, the Company has not early adopted the following new or amended accounting standards in preparing these separate interim financial statements.

- Classification and Measurement of Financial Instruments - Amendments to IFRS 9 and IFRS 7
- Annual Improvements to IFRS Accounting Standards - Volume 11
- IFRS 18 Presentation and Disclosure in Financial Statements
- IFRS 19 Subsidiaries without Public Accountability: Disclosures
- Sale or Contribution of Assets between an Investor and its associate or Joint Venture- Amendments to IFRS 10 and IAS 28.

### **4 Financial risk management and capital management**

#### ***Overview***

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk.

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital. The Company's Board of Directors has the overall responsibility for the establishment and oversight of the Company's risk management framework and is responsible for developing and monitoring the Company's risk management policies.

#### ***Credit risk***

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations which arise principally from the Company's loans and amounts due from related parties and cash at banks. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each of its related parties. The Company's cash is placed with banks of repute.

The Company establishes an allowance for impairment that represents its estimate of expected losses with respect to loans and amounts due from related parties.

# Orascom Construction PLC

Notes *(continued)*

## **4 Financial risk management and capital management *(continued)***

### ***Liquidity risk***

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk mainly relates to accounts payable, accrued expenses, loans due to related parties, lease liability, dividend payables and amounts due to related parties. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

### ***Market rate risk***

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return on risk.

### ***Currency risk***

Currency risk is the risk that the value of a financial instrument will fluctuate due to the changes in foreign exchange rates. The principal currencies in which these transactions are primarily denominated in Egyptian pound and Euro.

### ***Interest rate risk***

Interest rate risk arises from the possibility that changes in interest rates will affect the net finance income/ expense of the Company. The Company has exposure to interest rate risk on loans due from and loans due to related parties on which interests are charged at agreed upon rates.

### ***Capital management***

The Company sets the amount of capital in proportion to risk. The Company manages the capital structure and makes adjustments to it in the light of change in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to the shareholders or issue new shares.

### ***Fair value***

The fair value of the financial assets and liabilities of the Company approximate their carrying values as at the reporting date.

## Notes (continued)

### 13 Related party transactions and balances

The Company, in the ordinary course of business, enters into transactions with other business enterprises that fall within the definition of a related party contained in International Accounting Standard No. 24. These transactions are carried out at mutually agreed rates. The significant transactions with related parties during the period were as follows:

	Six month period ended		Three month period ended	
	30 June 2025	30 June 2024	30 June 2025	30 June 2024
	USD	USD	USD	USD
Net funds received from related party	39,159,489	40,015,308	8,960,445	11,669,040
Assignment and transfer of related party payables (refer to (i))	30,646,252	61,280,989	15,558,842	14,063,724
Interest expense on loans due to related parties	11,566,676	9,625,260	5,959,888	5,208,257
Support and management fees (refer to (ii) below)	2,200,000	5,565,245	1,100,000	1,100,000
Funds transferred to related parties	734,856	1,397,085	311,710	370,118
Expenses recharged by a related party	549,821	683,078	167,167	421,889
Expenses incurred by related parties on behalf of the Company	346,704	894,156	143,012	395,478
Interest income on loans due from related parties	167,875	154,533	87,955	77,633
Conversion of due to related party to loan due to related party	-	112,327,821	-	-
Collection of loans due from related parties	-	1,258,176	-	1,258,176
Expense paid on behalf of related party	-	906,946	-	-
	=====	=====	=====	=====

- (i) This mainly represents the assignment of loans and related party balances in accordance with intercompany settlement agreements.
- (ii) Support and management fees represent corporate charges made by the Company to one of its related party for tax, legal, accounting, treasury management, general management services, information technology and other support services.

#### Key management remuneration

The Company considers the members of the Board of Directors (Executive and Non-executive), and the senior management to be the key management personnel of the Company.

The remuneration of the key management for the period is as follows:

	Six month period ended		Three month period ended

30 June 2025 / 31 December 2024	<u>110,243,935</u>	<u>110,243,935</u>

## 16 Dividends

On 6 February 2024, the board of directors approved an interim dividend of USD 0.19 per share amounting to USD 20,946,348 million which had been paid on 22 February 2024.

On 20 May 2024, at the Annual General Meeting, the shareholders approved a dividend of USD 0.200 per share amounting to USD 22,048,787 which had been paid on 21 August 2024.

On 31 December 2024, the board of directors approved an interim dividend of USD 0.220 per share amounting to 24,253,666 which had been paid on 15 January 2025.

# Orascom Construction PLC

## Notes (continued)

### 17 Financial instruments

The financial assets of the Company include cash at banks, loans and amounts due from related parties. The financial liabilities of the Company include accounts payable, accrued expenses, and amounts due to related parties. Accounting policies for financial assets and liabilities are set out in note 3.

#### *Exposure to credit risk*

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	30 June 2025 USD	31 December 2024 USD
Cash at banks	916,261	1,033,757
Due from related parties	6,475,257	8,939,795
Refundable deposits and other receivables	14,799,944	14,365,457
Loan due from related parties	5,402,375	1,001,711
	<u>27,593,837</u>	<u>25,340,720</u>

Apart from the provisions already recognized, management believes that the cash at banks, amounts due from related parties, loans due from related parties, refundable deposits, and other receivables are fully recoverable. Accordingly, no additional provision for impairment has been made.

#### *Liquidity risk*

The following are the contractual maturities of financial liabilities including estimated interest payments and excluding the impact of netting arrangements:

	Carrying amount USD	Contractual cash flows USD	1 year or less USD	More than 1 year USD
<b>30 June 2025</b>				
<i>Non-derivative financial liabilities</i>				
Loans due to related parties	263,601,187	381,713,997	-	381,713,997
Due to related parties	19,850,880	19,850,880	19,850,880	-
Accounts payable and accrued expenses	14,459,963	14,459,963	14,459,963	-
Lease liability	418,102	439,507	214,393	225,114
	<u>298,330,132</u>	<u>416,464,347</u>	<u>34,525,236</u>	<u>381,939,111</u>

# Orascom Construction PLC

Notes (continued)

## 17 Financial instruments (continued)

### Liquidity risk (continued)

	Carrying amount USD	Contractual cash flows USD	1 year or less USD	More than 1 year USD
31 December 2024				
<i>Non-derivative financial liabilities</i>				
Loans due to related parties	214,617,009	325,348,850	-	325,348,850
Dividends payable	24,253,666	24,253,666	24,253,666	-
Due to related parties	18,898,982	18,898,982	18,898,982	-
Accounts payable and accrued expenses	8,945,976	8,945,976	8,945,976	-
Lease liability	508,913	541,726	209,416	332,310
	<u>267,224,546</u>	<u>377,989,200</u>	<u>52,308,040</u>	<u>325,681,160</u>

### Interest rate risk

At the reporting date, the interest rate profile of the Company's interest-bearing financial instruments was:

#### Variable rate instruments

	30 June 2025 USD	31 December 2024 USD
Financial assets	5,402,375	1,001,711
Financial liabilities	(263,601,187)	(214,617,009)
	<u>(258,198,812)</u>	<u>(213,615,298)</u>

#### Cash flow sensitivity analysis for variable rate instruments

An increase of 100 basis points in interest rates at the reporting date would have increased/ (decreased) net profit by the amounts shown below. This analysis assumes that all other variables remain constant:

	30 June 2025	
	100 bp increase USD	100 bp decrease USD
Effect on profit or loss	(2,581,989)	2,581,989

# Orascom Construction PLC

Notes (continued)

## 17 Financial instruments (continued)

### Interest rate risk (continued)

#### Cash flow sensitivity analysis for variable rate instruments (continued)

	31 December 2024	
	100 bp increase USD	100 bp Decrease USD
Effect on profit or loss	(2,136,153)	2,136,153

### Currency risk

The Company's exposure to foreign currency risk as at reporting date is as follows:

	30 June 2025	
	Euro	Egyptian pound
Cash at banks	201,726	9,098,527
Due from related parties	41,663	-
Other receivables	-	621,074,896
Loans due to related parties	-	(885,688,815)
Notional value of forward contracts	(40,000,000)	-
	<u>(39,756,611)</u>	<u>(255,515,392)</u>

	31 December 2024	
	Euro	Egyptian pound
Cash at banks	312,937	8,707,310
Due from related parties	6,872	171,999,000
Other receivables	-	621,074,896
Loans due to related parties	-	(451,158,073)
	<u>319,809</u>	<u>350,623,133</u>

### Sensitivity analysis

The following foreign exchange rates are applied by the Company during the period / year:

	30 June 2025		31 December 2024	
	Average rate	Spot rate	Average rate	Spot rate
1 Euro	1.0914	1.1719	1.0824	1.0410
1 Egyptian pound	0.0199	0.0202	0.0233	0.0197

# Orascom Construction PLC

## Notes (continued)

### 17 Financial instruments (continued)

#### Currency risk (continued)

#### Sensitivity analysis (continued)

1% strengthening of the USD against the Egyptian Pound and/or Euro at 30 June 2025 / 31 December 2024 would have increased / (decreased) the net profit by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant:

	30 June 2025 USD	31 December 2024 USD
Euro	(465,908)	3,329
Egyptian pound	(51,614)	69,073
	-----	-----
	(517,522)	72,402
	=====	=====

### 18 Contingent liabilities and capital commitments

#### Contingent liabilities

	30 June 2025 Guarantees	31 December 2024 Guarantees
US Dollar	418,505,805	277,797,122
UAE Dirhams	131,541,337	-
Saudi Riyal	91,025,234	90,948,750
Euro	2,241,689	3,647,293
	=====	=====

### 19 Operating segments

There were no operating segments identified by the management as at the reporting date.

### 20 Significant accounting estimates and judgements

The Company makes estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

#### Impairment of investment in subsidiaries

The Company determines whether investment in subsidiaries is impaired on an annual basis or whenever there is any indication of impairment. This requires estimation of the “value in use” of the cash generating units. Estimating a value in use amount requires management to make an estimate of the expected future cash flows from the cash generating unit and also to choose a suitable discount rate in order to calculate the present value of these cash flows.

# Orascom Construction PLC

Notes (continued)

## 20 Significant accounting estimates and judgements (continued)

### *Impairment losses on financial assets*

The Company's credit risk is primarily attributable to its loan receivable from related parties and due from related parties. In determining impairment losses, the Company recognises loss allowance for expected credit losses on the financial asset that is measured at amortized cost or FVOCI, trade receivables and a contract asset.

At each reporting date, the Company assess whether the credit risk on a financial instrument has increased significantly since the initial recognition. When making the assessment, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses.

The Company may assume that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date.

If reasonable and supportable forward-looking information is available without undue cost or effort, the Company cannot rely solely on past due information when determining whether credit risk has increased significantly since initial recognition. However, when information that is more forward-looking than past due status (either on an individual or a collective basis) is not available without undue cost or effort, the Company may use past due information to determine whether there have been significant increases in credit risk since initial recognition.

Regardless of the way in which the Company assesses significant increases in credit risk, there is a rebuttable presumption that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due. The Company can rebut this presumption if it has reasonable and supportable information that is available without undue cost or effort, that demonstrates that the credit risk has not increased significantly since initial recognition even though the contractual payments are more than 30 days past due. When the Company determines that there have been significant increases in credit risk before contractual payments are more than 30 days past due, the rebuttable presumption does not apply.

## 21 Subsequent events

On 27 July 2025, the board of directors approved an interim dividend of USD 0.25 per share amounting to USD 27,560,984 million which had been paid on 13 August 2025.

On 12 August 2025, at the Extraordinary General Meeting, the shareholders approved the migration of the primary listing venue for the Company's shares to the Abu Dhabi Securities Exchange (ADX) while maintaining the Egyptian Exchange (EGX) as the Company's secondary listing venue, through a listing of the Company's shares on the ADX and the delisting of the Company's shares from Nasdaq Dubai, subject to obtaining the necessary regulatory approvals. The listing of the Company's shares on the EGX shall remain unchanged.

The shareholders also approved the transfer of the Company's incorporation from the Dubai International Financial Centre (DIFC) to the Abu Dhabi Global Market (ADGM), for continuance as a company registered under the ADGM Companies Regulations, subject to obtaining the required regulatory approvals.
